Total Awarded Grants = \$5,742.55

School Year 2023 - 2024

Fine Arts

Cicada Parade-a - \$418.81

This grant is intended to support the development of a unique educational tool that bridges the gap between art and science. The cicada sculpture serves as both a captivating piece of art and a hands-on learning resource, enhancing students' understanding of entomology, ecology, and the creative arts.

Science

Science Lab Headphones - \$184.85

This grant fulfills the aim to enhance the learning experience of students in the Science Lab by providing high-quality audio equipment, allowing students to engage more effectively with multimedia resources and virtual lab simulations.

Lego BricQ Motion Essentials Set - \$321.60

The grant is intended to support our efforts in enhancing STEM education through the use of LEGO BricQ Motion Essentials Sets. These sets help students explore physical science concepts through creative, hands-on activities, promoting critical thinking and problem-solving skills
